The sad part is that just as I decided to get my life right, my past came up to bite me in the ass. So I am here trying to leave here a better person that I was when I got here. I'm in college which I'm proud of. I keep myself busy with classes and crafts. I love to walk and can even get thru a whole hour of boot-camp workout at my age. Keeping up with the youngsters. I want to connect with people who are doing things in the real world. For me each day is the same as the last. Life is in session in the real world and I want to hear about yours.
